

Volume 1, Issue 1

Fall 2010 Edition

Taylor Evans
President,
Ohio University SBA

Greetings Alumni and Friends,

The Ohio University Sports Business Association had a very busy and successful Fall Quarter. It was an honor and pleasure to have seen a full quarter of successful events take place. The time commitment that many of the members have made is a testament to how much our undergraduate students value their Sport Management experience here at Ohio University. This organization has provided so many of us with the opportunity to grow professionally and has also opened many doors for our members.

To start the fall we put on our annual Growl for Women's Athletics Golf Outing which was flawlessly run by Mark Truesdell. We were able to raise \$1,000 dollars for Ohio women's athletics. Next we participated in the 2010 Follet's Sports Business Forum, which was a great experience for all those involved. We hosted 20 students from all over the country for a weekend that had many different networking opportunities, speakers, and a panel discussion. It was extremely fulfilling to see the hard work of so many people come together.

We look forward to another great quarter here in Athens. We have a lot to look forward to as the column to the right will tell. If you are ever visiting Athens, feel free to drop by a weekly meeting on Wednesday at 6:00 PM in Bentley 140. We would love to have you.

Go Bobcats!

- Winter Quarter: What's Going On!**

Keep Us Updated!

Alumni and Graduating Seniors,

We ask that you keep us actively updated with your contact information so that we can continue to give you updates on the progress of our organization. We will be continually increasing the role of our alumni relations division as the years go on. Through frequent contact we believe this is possible. Please email updated contact information to

ohiousba@gmail.com
